# DR. GREENE'S NERVURA

Blood and Nerve Remedy is Life for the Blood and Strength for the Nerves.

"THE OENTURY'S GREATEST HEALTH-BUILDER."

Thousands of people are nervous, thousands upon thousands suffer from mental exhaustion, week, shaky and irritable nerves, sleeplessness, gloomy depression of mind and exhaustion of nerve power.

They do not realize the dangerous gravity of their condition, nor the fearful results of neglect of these symptoms.

It is nerve and brain exhaustion, loss of nerve power and physical vigor which makes the brain thred, the arm nerveless, the limbs teembling, the muscles meak, and the quhole

the brain tired, the arm nerveless, the limbs trembling, the muscles weak, and the whole body without strength, energy or ambition. It is the loss of nerve and vital power which is slowly but surely sapping the very life itself, and unless help is sought from the right source the end will be shattered nerves,

right source the end will be shattered nerves, insanity, paralysis or death.

Neglect alone is dangerous. Nature has provided, fresh from the bosom of the earth, the nerve strengthening, blood invigorating and health restoring Dr. Greene's Nervura blood and nerve remedy, which certainly and unfailingly cures these terrible nervous diseases, if taken in time.

Use this great and wonderful remedy, and the nervous, irritable, weak and trembling feelings will disappear; your sleep will be natural, calm, restful and you will wake mornings feeling strong and vigorous, instead of tired and exhausted; all gloomy depression

of tired and exhausted; all gloomy depression and sense of anxiety and dread will fade from your mind; your nerves will become strong and steady as steel, your strength, energy and ambition will be restored, and perfect health take the place of weakness and debility.

Mrs. Janet Johnson, Roxbury Terrace, Boston, Mass., says:

"For the benefit of the affilted I deem it my duty to say that I was suffering from nervous prostration two years ago; was so weak and prostrate that I could not attend to my household duties; closed my house and gave up my home, as I was so restless I could not remain in one place. I could not sleep for weeks at a time, and insanity seems of some to result. My vera, with wonderful effect. The increase in the population of Rock Hill, S. C., is, acording to Mr. John G. Anderson, mainly due to the establishment of six mills there, and at that point, too, the value of real estate has appreciated wonderfully. These expériences are typical of many Southern mill towns. The influx of population receiving wages at definite intervals and the purchases of cotton have strengthened the retail business of the towns, have made the local supply of money more stable, and have given the nearby farmers a permanet; steady market for butter, milk, poultry and vegetables, and have thus encouraged the diversification of farming operations, which, more generally adapted, will do much to solve NOTICE OF FIRST MEETING OF CREDITORS. BIRMINGHAM IRON TRADE.

The aggregate iron business during the week in the Birmingham District showed an increase, though there were no large transactions. The Iron masters believe that there is a brisk demand just ahead, and they regret that it may find them fully sold up for months ahead, in spite of the fact that new furnaces are coming into the field. The reason for this is that the product of these furnaces was all placed for months ahead before their fires were lighted. Export inquiry, too, has materially increased. In the Anniston District the activity in mining famous brown hematite ores is increasing. More than one thousand cars a week are now being mined, but the demand still exceeds the supply.

Among the new industries reported during the week to the Manufacturers' Record were the following; \$50,000 telephone company an Alabama; \$25,000 medicine factory in Arkansas; \$15,000 sawmill in Florida; \$2,000,000 gold-miling company; \$50,000 cotton mills, \$7,000 ice factory and \$20,000 kitting mill in Georgia; \$50,000 ricemill in Louisiana; 100-ton ice factory; \$50,000 ricemill in Louisiana; 100-ton ice factory; \$50,000 brick works in Maryland; \$15,000 water works; \$25,000 ice factory and \$20,000 water works; \$25,000 ice factory and No. 147.
